

Minutes of the 5<sup>th</sup> Meeting of the 2016\2017 University Students' Council of the University of Western Ontario held on **Wednesday, November 30, 2016** in Council Chambers, University Community Centre

---

Note: This meeting can be viewed in full or in part via streaming video at <http://www.usc.uwo.ca/government/council/meetings/index.asp>.

1. CALL TO ORDER

The Speaker called the meeting to order at 7:05p.m.

2. O CANADA

The Speaker led Council in the singing of O Canada.

3. LAND RECOGNITION

Western University is situated on the traditional territories of the Anishinaabeg, Haudenosaunee, Lunaapeewak and Attawandaron peoples, who have longstanding relationships to the land and region of southwestern Ontario and the City of London. The local First Nation communities of this area include Chippewas of the Thames First Nation, Oneida Nation of the Thames, and Munsee Delaware Nation. In the region, there are eleven First Nation communities and a growing Indigenous urban population. Western values the significant historical and contemporary contributions of local and regional First Nations and all of the Original peoples of Turtle Island (North America).

4. WESTERN SCHOOL SONG

The Speaker led Council in the singing of the Western School Song.

5. ROLL CALL

Speaker: Samir Hamadache

Recording Secretary: Coordinator, Council Services

6. APPROVAL OF THE AGENDA

Mr. Cleary requested the removal of the Mental Health Presentation  
CLEARY/Codina/Carried. (Unanimous)

Mr. Cleary further requested that the Western Sexual Violence Policy Presentation be moved after the Annual Report Presentation.  
CLEARY/Cousins/ Carried. (Unanimous).

6. APPROVAL OF THE MINUTES

## 7. PRESENTATIONS

- i. Annual Report Presentation – I. Jacobi, Secretary Treasurer  
(see attached presentation)
- ii. Sexual Violence Policy Presentation – E. Ross, Communications Officer  
(see attached presentation)

Council noted concerns with respect to the wording of “survivor” and “victim”, further requesting that Ms. Ross take these concerns to the University and amendments are made to the language of the document.

## 8. FOR ACTION

## 1. Motion 1

Constituency Council President Terms of Reference

Whereas, the USC currently does not have any terms of reference for the position of Constituency Council President;

Whereas, it is the duty and responsibility of the USC to accurately represent the expectations, duties, roles and responsibilities of Constituency Council Presidents;

Be it resolved that, Council approve the Constituency Council President Terms of Reference.

SIOU/Zheng/Carried. (Unanimous)

Mr. Whelan brought forward concern that in the period Council year, Faculty presidents had been waived from the requirement to attend Standing Committees of Council and to appoint another Councillor to their USC position. Mr. Whelan question whether this motion would conflict with this motion.

Mr. Jacobi noted that for the purposes of this motion, the understanding would be that the Faculty President would not have forfeited this role, but should this role be forfeited, the representative in their place would fall under the Councillor Terms of Reference.

The Speaker of Council called the question.

## 2. Motion 2

Annual Budget Review Sub-Committee

Whereas, the Annual Budget Review Sub-Committee is redundant given that its responsibilities are

completed by the Governance and Finance Standing Committee;

Whereas, the composing members of the Annual Budget Review Sub-Committee are already involved in the creation and review process of the USC Operating Budget without the Annual Budget Review Sub-Committee;

Be it resolved that, Council dissolve the Annual Budget Review Sub-Committee.

LAY/Cousins/Carried. (Unanimous)

Mr. Lay noted that this committee poses a redundancy to the Committee structure, and has not been struck since its creation, as this replicates the work that has been the primary responsibility of the Governance and Finance Committee of Council. He further noted that all the relevant stakeholders retained their opportunity to remain in the current process. Mr. Lay sought that Council approve to dissolve this subcommittee of Council.

Mr. DiBrina notes concerns that the Council member positions that were outlined in Section 2.1(iii) are not being removed from this process and that the student representation remains part of the process.

Mr. Lay noted that all Standing Committee meetings are open to the public and available for any student to attend.

Mr. DiBrina reiterated the opportunity to include these positions to ensure that they remain a part of the Budget process.

Mr. Lay noted that there did not appear to be a need for this as students are available at the Committee level and at-large constituents who are interested may voice their concerns at these meetings as well. He notes that if these voices were needed, they had not been part of the process, and that he would hope that Council would promote constituent participation.

The Speaker of Council called the question.

### 3. Motion 3

#### Standing Resolution of Council

Whereas; the nature of executive appointments are problematic for a variety of reasons, including but not limited to a lack of transparency, accountability, and a fair process;

Whereas; executive appointments are usually to committees of large significance, are presently not public, and often outlast the terms of the executive who appointed them, more structure and oversight is needed;

Let it be resolved; Council adopt the following as a Standing Resolution:

“Any committee position within Western University that handles academic or campus affairs, where the

USC Executive would have previously appointed a student who is not an executive member, to be subject to an open call for nominations and/or applications;

The USC Executive will select the top five (5) applicants, or top three (3) if fewer than five apply, in accordance with standing Human Resource policies and will forward their names as candidates to Council.

Each candidate will have three minutes to highlight their credentials after which the USC Council shall make the appointment(s) by a preferential ballot election.

Prior to each election outlined above, the USC Executive (or their designate) shall present information to Council on the role and responsibilities of the position being elected.”

Let it be further resolved; That the USC Representative to the Student Services Committee be elected by students at large during the general election period.

Let it be further resolved; That due to time constraints the first election of the USC Representative to the Student Services Committee be during the Fall by-election period in 2017.

Let it be further resolved; That due to time constraints the first election of the USC Representative to the Student Services Committee be during the Fall by-election period in 2017.

DIBRINA/Garno/Carried. (Unanimous)

Mr. DiBrina noted that in the interest of transparency, he was bringing this motion to Council to open up appointments to the Student Services Committee to students at-large. Mr. DiBrina diverted his speaking time to Mr. Garno.

Mr. Garno (proxy) noted that the motion was being brought forward due to the fact that the Student Services Committee currently makes decisions on student ancillary fees. Mr. Garno noted that currently the committee handles roughly 30 million dollars of student ancillary fees, and there are four undergraduate student representatives on the committee (USC President, USC Vice-President, and two students appointed by the executive of the USC). Mr. Garno noted that in an effort to create a diverse voice on this committee, opening this up would allow the committee to engage students who are interested and engaged.

Mr. Cleary (proxy) agreed with the motions, but proposed an amendment. Mr. Cleary put forward the amendment that Councillors not be eligible to sit on this committee, opening up the available position to students at-large. He further noted that there are disadvantages to a Council election, as Councillors have an advantage as they are speaking to a group of their peers, whereas an at-large candidate would have three minutes to speak. Councillors would have an advantage as they would be more intimately familiar with the voter pool than other candidates.

Amendment (Motion 3)

Let it be further resolved; that USC Councillors be ineligible to apply for positions wherein the election

of the position comes before Council (excluding OUSA).

CLEARY/Zheng/Carried.

Mr. Waltenbury enquired as to whether a student could run for a Council position and the SSC representative in the same election period?

Mr. Cleary noted that the intent of the amendment was to ensure that Councillors would not have an advantage for the election of these positions at Council, which pertain to Western University administration committees. He further noted that he did not see how a student running for both at-large positions would constitute as an advantage.

Mr. Waltenbury reiterated the question.

Mr. Cleary noted that a student could run for both positions, and amended the wording of the motion.

Ms. Amoah questioned why OUSA would not be included in the exemption amendment.

Mr. Cleary noted that the exclusion of OUSA is meant to clarify, as OUSA is not a Western University position that is currently being appointed.

Ms. Amoah noted that this did not appear to fit into the scope of the motion.

Mr. Cleary noted that he would feel comfortable looking into OUSA elections.

Mr. Garno (proxy) noted that the motion specifically states that the positions in questions are the “committee position within Western University that handles academic or campus affairs, where the USC Executive would have previously appointed a student”, and therefore OUSA would not fall into the scope of this motion.

Mr. Cousins clarified that his understanding of the motion was that these positions are ones that are currently being appointed by the USC executive. He further noted that there are some positions that Council currently elects before Council that current members of Council ought to be able to apply for.

Mr. Garno (proxy) noted that this motions left our certain Council elected positions, because ad-hoc committees are struck, at this point there would be the opportunity for Council to hear the position of the candidates and vote of the person being placed of the committee.

The discussion was moved into debate by the Speaker of Council.

Mr. Waltenbury spoke against the motion, noting that while there is an advantage to being a Council member at Council elections, he noted that the changes should come from a better selection process rather than excluding Council members from participating in these elections. He noted that this process could be changed by having Council review applications and allowing the applicants to then speak at a Council meeting. He noted that there could be Councillors that are passionate about initiatives, but their role on Council would then limit their participation in student initiatives at the university level.

Ms. Adamo addressed Council, noting that there could be a better process, namely application process. She further noted that ad-hoc committees could be opportunities for hired coordinators to participate in subjects that they are experts in. Ms. Adamo noted that it makes sense that someone at the USC (coordinator or executive member) who is passionate about a topic to sit on that committee at the university level. She noted that appointments are unfair, but the Councillors have advantages against other candidates at the Council level.

Ms. Amoah spoke against the amendment noting that Councillors should be trusted to make reasoned and informed decisions about the committees they put their names forward for.

Ms. Shakfa withdrew her speaking opportunity.

Mr. Cleary (proxy) agreed with Ms. Amoah's position but noted that the amendment was put forward in an effort to eliminate an inherent advantage that Councillors have in Council elections.

Mr. Wright put forward an amendment wherein Councillors could be elected to no more than half of the committee positions.

Mr. Cleary (proxy) noted that the difficulty lied in that many of these positions were for a single spot on a Committee. He further noted that this could be

Mr. Zheng (POI) – Are we currently appointing Councillors to these committees?

Ms. Adamo noted that with OGB, a second year student was selected for the appointment via an at-large application process. She did not have details for other Western Committees, but that Councillors were involved. She noted that the change to at-large positions would allow the USC to bring more student perspectives to the table, and greater student involvement.

Mr. Zheng spoke in favour of the motion.

The Speaker of Council called the question on the Amendment (Motion3).

Debate of the main motion, once amended:

Mr. DiBrina noted an amendment he wished to make. He noted that an amendment needed to be added to add a two minutes question and answer period to the election period, in an effort to ensure that Councillors vote as informed as possible. This would add a 10 minute time length to the election of these positions.

Amendment 2 (Motion 3)

The Council election would have a 2 minute question and answer period allotted to each candidate to field questions from Council.

DiBrina/Garno/Carried.

Mr. Cousins agreed with a question and answer period, but noted advantages to a system like the SPO election, wherein all five candidates are asked the same question and given the opportunity to reply. Mr. Cousins put forward a friendly amendment:

Amendment 3 (Motion 3)

The Council election would have a 2 minute question and answer period allotted to each candidate to field questions from Council, wherein all candidates answer the same question.

COUSINS/Zhang/Carried.

The Speaker noted that the time constraints could be made at the time of the meeting.

Ms. Adamo spoke in favour of the amendment. She noted the advantage to all candidates answer the same questions in order to keep planted questions from targeting a single candidate.

The Speaker approved the amendment.

Debate on the main amendment:

Mr. Cleary spoke in favour of the amendment.

No further debate on the amendment.

The debate on the main motion, three times amended resumed:

Mr. Cousins outlined concerns relating to the opportunity for students to run for multiple elected positions and the financial benefits of doing so.

Mr. Garno (proxy) noted that this was possible but not advisable as this causes confusion for voters.

Mr. Waltenbury asked whether a candidate could win both positions.

Mr. Garno (proxy) noted that there did not appear to be a conflict with this occurrence.

Mr. Cousins spoke against the motion, noting concerns that members could run for both positions at the same time.

Mr. Dalek noted that candidates could run for multiple positions, noting that this did not pose a conflict or advantage. He noted that it was up to the constituents to decide who the best candidate is, and ultimately, if they choose to appoint a candidate to multiple positions that is the prerogative of the student body.

Ms. Amoah noted that the possibility of strategic candidacy ought to be considered.

Mr. Cleary (proxy) noted that there will be review in the coming year of By-law 2 that would tackle many of these issues.

The Speaker of Council called the question.

4. Motion 4

Ratification of the Advocacy Policy Paper Topics

Whereas, the University Students' Council has a responsibility to put forward issues of student interest and concern;

Whereas, the Advocacy Standing Committee has reviewed and approved the following policy paper topics for the 2016-2017 Council term:

- Mental Health on Campus
- Pedestrian Safety on Campus
- Student Mobility in London

Be it resolved that, the University Students' Council ratify the policy paper topics, as approved by the Advocacy Standing Committee.

DIBRINA/Waltenbury/ Carried. (Unanimous)

Mr. DiBrina noted that the three topics were selected at the Advocacy Standing Committee.

No debate to note.

5. Motion 5

Western Sexual Violence Policy

Whereas, the University Students' Council believes that all students should be safe and free of violence while attending Western University;

Whereas, the students of Western University have overwhelmingly requested an increase in the campus community understanding of sexual violence;

Whereas, the students of Western University have requested the development and enhancement of existing policies and protocols aimed at preventing and responding to sexual violence on campus;

Be it resolved that, The University Students' Council of Western University endorse the Sexual Violence Policy.

MOVER/Seconder

The motion was not debated, per the discussion during the presentation.

## 6. Motion 6

Election of (2) Councillors to the Student Awards Committee

Whereas, the University Students' Council has had Councillors participate in the Student Awards Committee annually;

Be it resolved that, Council elected two (2) Councillors to the Student Awards Committee for the 2016-2017 awards cycle.

MOVER/Seconder

Ms. Codina, Ms. Jaffrey and Ms. Moran put forward candidacy nominations for consideration.

Council selected Ms. Codina and Ms. Moran for the roles from a preferential ballot vote.

## 7. Motion 7

Food Support Services Recommendations

Whereas, the Committee has completed its review of Food Support Services ;

Whereas, the Committee has developed recommendations for Food Support Services to be submitted to both the Student Programming Officer and Food Support Services Coordinator (Michael Hong);

Be it resolved, the following recommendation be incorporated into the Food Support Services program, with justifications outlined in the attached document:

- A) Work to increase awareness of the program among students at large
  - (i) Increase promotional efforts outside of social media efforts
  - (ii) Increase reach on current social media platforms;
- B) Restructure the program's associates to better reflect the work they do;

The following structure has been recommended as a platform:

- Events Associate
  - Food Drives and Community Associate
  - Long-Term Operations Associate
  - Communications Associate
- C) Develop a better system for inventory management and establish this as a responsibility for the coordinator or an associate (one of the above or a new one).
  - D) Continue to develop new initiatives such as the food bank and Food for Thought Gala

Be it further resolved that, the Student Programming Officer and/or Food Support Services Coordinator follow-up with the Committee if any recommendations cannot be incorporated into the program, and provide justification for this decision.

WHELAN/Ahmed/Carried. (Unanimous)

Mr. Whelan spoke in favour of the motion, noting the process for program review for the Student Experience Standing Committee.

Mr. Garo asked if there are recommendations for funding.

Mr. Whelan noted that the program coordinator did not note any funding issues; rather a demand for the services was more apparent.

Ms. Adamo spoke in favour of the motion.

The Speaker of Council called the question.
