The USC Alumni Award is awarded to undergraduate students in any program who are not in their graduating year, based on financial need and involvement in extracurricular activities at Western or in the community. Applications are available at Student Center and the University Students' Council (USC) Office.

Applications (this page) accompanied by an essay (maximum 500 words) describing the applicant's involvement in extracurricular activities, along with the names and contact information of **2 verifiers** who can confirm your involvement must be submitted to the **Office of the Registrar** by 4:00 pm on February 19, 2017. The Office of the Registrar will determine financial need and the USC Awards Committee will assist in the selection of recipients. This award was established by generous contributions from the USC Alumni through Foundation Western.
