
EnviroWestern

Hiring - Second Round

Gardening Executive

The Gardening Executive will be responsible for overseeing an overwinter greenhouse project, as well as the spring and summer vegetable garden project on campus. This executive will work closely with Facilities Management to develop and facilitate a native species garden project, also on Western's campus.

Green Tours Executive

The Green Tours Executive will oversee a team of approximately 5 Green Tour Guides to promote, schedule, and facilitate tours of LEED Certified buildings at Western. This member of the executive will work closely with Western's Sustainability Office and the greater London community to increase public awareness of and engagement in the Green Tours program.

Director of First Year Representatives

EnviroWestern's Director of First Year Representatives will be responsible for leading a team of 7-10 First Year Representatives in promoting, scheduling, and facilitating residence events that are relevant to EnviroWestern's mission and values.
