

Storage of Tables and Chairs in Clubs Space

There is no heavy lifting involved with the storage of tables and chairs

Tables collapsed and stored. Chairs Stacked.

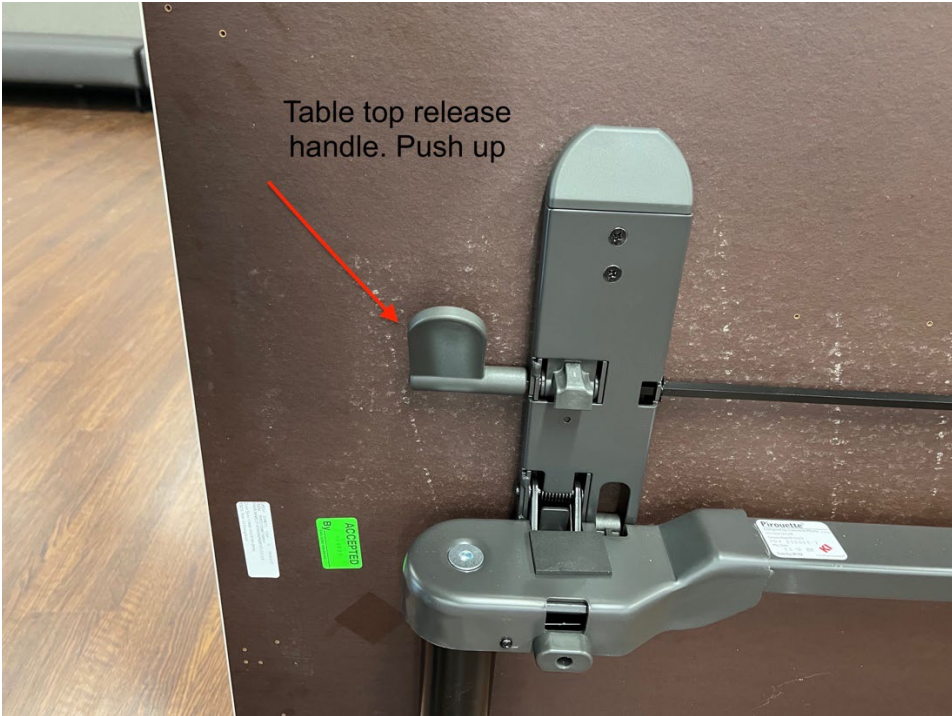

The legs of the tables are angled so they can nest together.

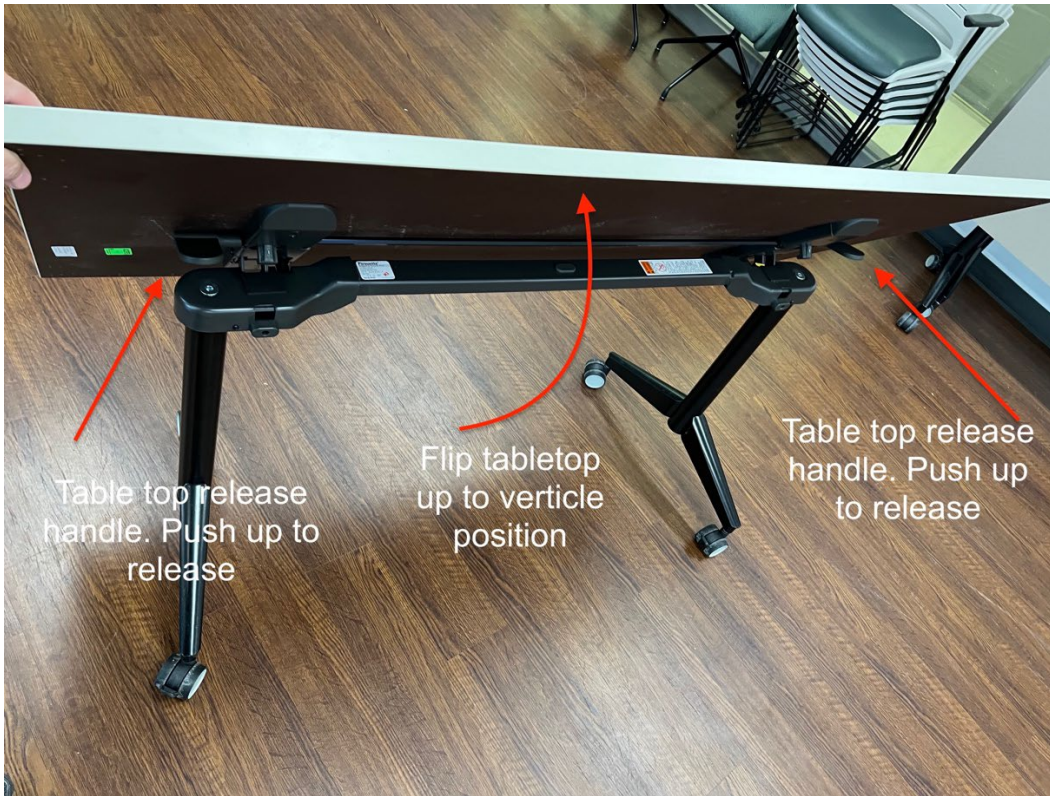

Tables in horizontal and vertical positions

To flip the tabletop to the vertical position, reach under the tabletop on either end of the table in the center. Push UP on the lever and lift the tabletop up into the vertical position.

To return the tabletop to the horizontal position, flip tabletop down until it locks in place.
