

Club Ratification Application

2025-26 for consideration for January or September 2026

USC Clubs System

There are more than 13,000 students in 200 clubs that are ratified with the University Students' Council (USC). Each year we receive 60-plus applications from students that would love to be part of this clubs community.

The USC is a governing body that represents Western's undergraduate students. The USC also organizes Orientation Week (OWeek), advocacy initiatives, the Peer Support Centre, health and dental plan, LTC bus pass, InfoSource, and The Spoke and Wave.

USC Clubs benefits include: participation in Clubs Week, clubs training, financial management, event review and approval, free room bookings and facilities, club emails, and insurance.

USC Clubs have responsibilities to the USC such as following Clubs Policy, fiscal responsibility of managing club funds, and following the Student Code of Conduct.
