Be it resolved that Council elect up to ten (10) student delegates to represent Western University at the OUSA Fall General Assembly 2026 in October.

S. XIA/Seconder

Motion 2

Motion to Elect Two Councillors to the Library Student Advisory Council

Whereas the LSAC requires undergraduate representation to ensure student perspectives inform Western Libraries' policies and services;

Whereas the absence of student-elected members would limit the quality of feedback and accountability;

Be it resolved that Council elect two (2) Councillors to serve on the Library Student Advisory Council for the 2026–2027 term.

S. XIA/Seconder

Motion 3

Motion to Elect One (1) Councillor to EDI Committee

Whereas the USC EDI Committee requires a student representative from Council to support inclusive and equity-driven organizational practices;

Be it resolved that Council elect one (1) member to serve on the EDI Committee for the 2026–2027 term.

S. XIA/Secunder

University Students' Council of the University of Western Ontario

Motion 4

Executive Reports

Be it resolved that Council accept the executive reports for September 2026.

S. XIA/Seconder

Motion 5

Motion to Approve the 2025 Teaching, Learning, and Assessment Policy Paper

Whereas: The USC policy paper renewal cycle on the Teaching, Learning, and Assessment Policy Paper was 2025-2026 term;

Whereas: Advocating for a strong, inclusive, and high-quality learning and academic experience for students is a priority for the USC;

Be it resolved that: the 2025-2026 Vice President University Affairs ran consultations, conducted research, ran focus group, and produced a Teaching, Learning, and Assessment Policy Paper;

Be it resolved that: Council approves the renewed Student Accessibility Policy Paper

S. XIA/Secunder/pass/fail

Motion 7

Motion to Commission USC Human Rights Policy Paper

Whereas the University Students' Council (USC) foremost exists to advocate for and represent undergraduate students at Western University;

Whereas Western's student body has, throughout the University's history, consistently advocated for human rights policies both within the institution and in relation to broader Canadian and global affairs, including but not limited to Indigenous & civil rights, opposition to apartheid in South Africa, the genocides in Rwanda and Darfur, and Israel's apartheid regime against Palestinians;

Whereas Western University's operations intersect with human rights across numerous domains, including its investments, academic and commercial partnerships, procurement practices, and relationships with international students and scholars, creating an ongoing need for clear, dynamic policy guidance on how the University navigates these considerations;

Whereas both the 2024-2025 USC and the 2025–2026 USC passed motions to advocate to Western University to incorporate human rights considerations and divestment from weapons manufacturers into its investment policy;

Whereas the University Students' Council (USC) released a survey in 2025 with the question "Should the University Students' Council advocate that Western University incorporate human rights considerations into its investment policy, specifically divesting from companies that engage in or are complicit in human rights abuses, as defined by United Nations standards, including but not limited to weapons manufacturers" with a 90% "Yes" response;

Whereas the Faculties of Science, Social Science, Music, Arts and Humanities, Health Sciences, Engineering, FIMS, as well as Huron have passed parallel motions in the 2025-2026 academic year advocating for the adoption of human rights considerations into Western's investment policy;

Whereas over the course of the 2025–2026 academic year, over 70 USC clubs, the Society of Graduate Students, CUPE 2361, and UWOPA passed motions advocating for the University to incorporate human rights considerations into its policies;

Whereas In August-September of 2024, Western enacted a modified MAPP 1.1, restricting the ability for students to demonstrate in any form on campus, and later proposed a restricting students from demonstrating in a way that "discredits the university";

University Students' Council of the University of Western Ontario

Whereas it was only after extensive mobilization by students, in collaboration with other campus groups, that the restrictive provisions within MAPP11 were repealed and amended;

Whereas MAPP 1.1, the campus demonstration policy, is scheduled for further review in the coming years;

Whereas Western University, currently and in its history, has admitted several students and scholars from conflict-affected regions who face significant barriers to obtaining the visas or permits necessary to begin or continue their studies, putting them at risk of immediate death or other harm;

Whereas policy papers contain recommendations aimed at external decision makers that USC Executives can draw from in their advocacy. Policy papers are approved by Council, and with that, have more authority and legitimacy than if they were the personal opinions of individuals. The USC focuses on evidence-based advocacy, with recommendations informed by both research and student consultation;

Be it resolved that the USC commission the "Human Rights Policy Paper," addressing human rights as they relate to, at minimum: responsible investing; responsible academic partnerships; responsible commercial partnerships; the right to demonstrate on campus; and support for students and scholars at risk.

M. EL SHENTNAWY/A. Zabianpass/fail

Whereas: Council approval is also required to establish Council's responsibilities within the budget approval process;

Be it resolved that: Council approve the Operational and Executive Budget Approval Policy and the Executive Budget Approval Procedure as presented.

S. XIA/Secunder/pass/fail

Whereas the *Standing Orders of Council* are subject to an annual review as outlined in By-Law #1;
